

DIRECTOR OF CENTRAL INTELLIGENCE  
Intelligence Information Handling Committee  
WASHINGTON, DC 20505

ICS 87-4104  
18 August 1987

MEMORANDUM FOR: Chairman, SCI Forum

SUBJECT: Revision of DCID 1/16

1. As you know, we have had Community working groups (including members of your staff) developing a long-needed revision of DCID 1/16. I believe we are now at the point at which it is useful to obtain more formal comments from interested organizations preparatory to NFIB coordination and DCI/DDCI signature. I am, therefore, forwarding the attached draft to IHC member agencies for review as indicated.

2. Concurrently, I would like to offer it for review, under your auspices, by members of the SCI Forum. At your election, their comments can be sent to you for consolidation or directly to me. In either case, it is requested that they be available to me by 11 September 1987.

DIRECTOR OF CENTRAL INTELLIGENCE  
Intelligence Information Handling Committee  
WASHINGTON, DC 20505

ICS 87-4105  
18 August 1987

MEMORANDUM FOR: Members, IHC  
SUBJECT: Draft Revision of DCID 1/16

1. The attached draft of the proposed revision of Director of Central Intelligence Directive (DCID) 1/16, Security Policy for Uniform Protection of Intelligence Provided in Automated Information Systems and Networks is forwarded herewith for review and comments. It is the product of an extensive effort by broadly-based, interagency working groups operating under IHC auspices over the past eight months. The purpose of this review is to crystallize remaining differences, if any, preparatory to forwarding the draft to the DDCI for consideration. With his approval, it will then be sent to NFIB Principals for formal coordination prior to signature and implementation.

2. It is requested that your organizations' comments be provided to the undersigned in writing by 4 September 1987. Correspondence forwarding agency comments to the DDCI, if required, will be coordinated with all concerned. By separate memorandum, the SCI Forum has been invited to comment on the attached draft.
