

~~CONFIDENTIAL~~
INTELLIGENCE COMMUNITY STAFF

~~MTE~~
MTE 19-SR

20 August 1987

NOTE FOR: D/ICS
DD/ICS

SUBJECT: Attached MFR

Aside from the real need to assist the HPSCI as requested, the need exists to show that the SIG/IG system is viable.

The tasking for support of this request properly belongs to the IG/CM(P) and appropriate committees therein, with support from the IG/CM(T) and IG/CI as necessary.

A formal request to the IG/CM(P) Chairman appears to be in order to that effect. Representation from FBI, CIA, DoD, State, and others as necessary (i.e., ISOO) will ensure satisfaction to the House, establish a sense of participation to the Intelligence Community, and accomplish a much needed task.

Suggest you may wish to discuss this with when he returns from leave next week (24 August).
