DCI/ICS 0904-87
13 July 1987

CMte 19-SR

MEMORANDUM FOR: [redacted] 25X1
 Chief, Special Security Center

FROM: [redacted] 25X1
 Community Counterintelligence and Security
 Countermeasures Staff, IC Staff

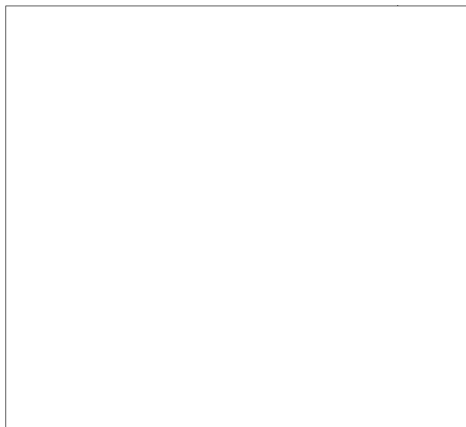

SUBJECT: DCI Security Forum [redacted] 25X1

1. Attached is a copy of the charter for the DCI Security Forum (renamed from SCI Forum). It was approved by the DDCI on 29 June. This is for your information and retention. [redacted] 25X1

2. I'm sure you know that this body exists principally to address matters of security significance in the SCI arena. We are having the tenth meeting today, 13 July, and will not have another until September, allowing for the summer vacation period. Besides revised DCIDs 1/7 and 1/19, we have 1/20 with the office of the DCI awaiting approval and 1/21 is working in our office now, after approval by the Forum. [redacted] 25X1

3. We will be looking for new matters to consider in the September meeting. I would appreciate your thoughts on whether or not you think the Forum would be the vehicle to once again raise the matter of revealing industrial contractors' accesses (SI/TK) in the 4C System. I am told you addressed SECOM on this matter but no changes resulted. [redacted] as the alternate CIA representative behind [redacted] has become a regular attendee and participant. I would urge you to brief him on the background of this matter so we can meet to discuss the potential for making it an agenda item in September. I intend to broach the subject with selected key members of the Forum to gain their current views. SAFSS has chosen not to participate in the Forum. If this becomes a matter for serious consideration, that organization would be invited to deliberations. [redacted] 25X1
