Dear Sven:

25X1 Enclosed for your information is a revised version of Agency Headquarters Regulation [redacted] "Law and Policy Governing the Conduct of Intelligence Activities." The Director has just approved this revised version, which is the product of a lengthy and comprehensive review conducted by the Office of General Counsel in concert with relevant Agency components.

The revised regulation will become effective on 1 January 1988. The Deputy Director has given instructions that copies of the regulation be issued to all senior CIA managers as well as every career trainee, every employee going through management training, every participant in the CIA mid-career course, and every participant in the training course for new members of the Senior Intelligence Service.

I will be happy to arrange for a followup oral briefing if you so desire.

Sincerely,
