National Intelligence Council

NIC 02665-87  
25 June 1987

MEMORANDUM FOR: Director of Central Intelligence  
Deputy Director of Central Intelligence

FROM: Maj Gen Frank B. Horton III, USAF  
Chairman

SUBJECT: Your Meeting with the Military Advisory Panel,  
Tuesday, 30 June 1987, 1530 Hours

1. The eight member Military Advisory Panel (MAP) is comprised of individuals who have substantial experience as high-level consumers of intelligence. The MAP reviews significant intelligence estimates for the DCI, focusing on Soviet military issues, and provides the DCI with judgments regarding policy relevance. Brief bios on Panel members are at Tab A on the left.

2. The MAP association with the NIC began in May 1986 after several years of similar service to the DDI. The Panel meets approximately once each quarter for two full days, and prepares a written Eyes Only report for the DCI in addition to meeting with him on the second day of each session.

3. Attached at left (Tab B) for your information is the report prepared by the Panel following their last meeting in March 1987, annotated with Questions asked of the NIOs by the DDCI. NIC responses to those questions are included at Tab C.

4. Note the MAP meeting with you scheduled for 1530-1630 on the 30th in the NIC Conference Room. We expect they will want to discuss not only the results of their deliberations over the previous two days, but more generally their role as you would see it in the months to come. Tab D contains a NIC memorandum to the DCI on the nature of the NIC/MAP relationship that you may find helpful in this regard.

5. An agenda of issues to be considered at the 29/30 June meeting follows this memo along with a list of reading material that we will provide to the group. We will be pleased to provide copies of readings to you if you so desire.
