MEMORANDUM FOR: Chief, Management and Liaison Staff, OC

25X1 FROM:

[redacted]
Chief, Management and Plans Branch, OC-MLS

SUBJECT: Weekly Staff Notes, 11 - 17 October 1987

1. General:

25X1 [redacted] CIA/OC assigned as detailee to the National Communications System (NCS), and Ms. Peggy Newland, NCS-PP, provided a briefing on the National Telecommunications Management Structure (NTMS) to the DCO, DDCO, and to other OC senior personnel on 14 October 1987. The COR/COP and the Industry Executive Subcommittee (IES) recently approved the NTMS Implementation Concept. The concept is the initial document developed by the NCS and an IES Task Force which outlines the approach for achieving the capability to manage the nation's telecommunications resources in times of national emergency.

2. Liaison Activities:

e. On 14 October, six members of the National Coordinating Center Staff participated in the SHARES #2 HF exercise, which included 15 other federal and DOD/MARS stations located throughout the U.S. While the final traffic statistics have yet to be consolidated, initial observations at the NCC indicate that a sizeable volume of test messages were successfully routed throughout the exercise network.
