FROM: 25X1
 Deputy Chief, Liaison and Requirements Branch

SUBJECT: FBIS Collection Requirement No 87-14: CHAD 25X1

1. FBIS reporting on Chad has been "most valuable" to the Intelligence Community in following the Chad/Libya conflict. Page 3 of the attached National HUMINT Collection Plan on Chad describes our contribution to collection efforts and notes that analysts want more coverage from Paris sources. FBIS components should focus on those requirements where FBIS is listed as primary or supporting collector. These are the issues that consumers want FBIS components to select, process, and publish. 25X1

2. The "Official Use Only" version is included for use in the field and by JPRS contractors. For easier field use, Liaison has marked the FOUO version to show the objectives for which we are responsible. The community will evaluate FBIS performance on these topics. We have also included an unclassified version of the list of key personalities. The field does not need to keep this memorandum or the classified version of the collection plan. 25X1

2. For our internal control purposes the attachments are designated FBIS Collection Requirement No 87-14. Use this FCR number if you have any comments or suggestions on this plan. 25X1
