MEMORANDUM FOR: Director of Logistics

FROM:

[Redacted Name]

Director, Foreign Broadcast Information Service

STAT

SUBJECT:

Support From Logistics

1. We have been very impressed and gratified at the support received from the Logistics Operations Center for our field bureau automation efforts. Our bureaus at Vienna, Hong Kong, and Bangkok have received their large shipments of computer equipment, intact and exactly on the date projected. This, in turn, has kept all of the bureau and contractor personnel on schedule and greatly decreased the operational impact of automation on the bureau.

2. Similarly, we are pleased in our initial experience with the people on rotation to FBIS from P&PD. I would especially also like to commend the efforts of [Redacted Name]. The transition to the Automated FBIS System (AFS) is not without its pain. The high level of professional skills which Richard and Bob bring to the job coupled with a willingness to work 6 days a week to get the job done have been absolutely essential to the program. They are truly team players, never seeking to blame others, always ready to help under trying circumstances.
