SUBJECT: Request for Waiver -- Requisition

STAT

1. In accordance with this is a Request for Waiver for attached subject requisition.

STAT

2. This procurement, Government Furnished Equipment (GFE) for an FBIS Fixed-Price Contract, will satisfy a critical requirement for the FBIS Modernization Program. Failure to provide the contractor with the equipment by the GFE schedule date of 23 October could result in an increase in the contract cost and a change in the contract delivery schedule.

3. The requisition was prepared on 28 July, but it met with delays both within and outside FBIS. Fortunately, the Office of Logistics Procurement Division completed required actions, and they are now awaiting your approval to release the purchase order.

4. Your help will be greatly appreciated.
