SUPERSEDES: FBIS Collection Requirement No 83-02: Soviet Naval Forces

1. This is the updated National HUMINT Collection Plan on Soviet Naval Forces which includes numerous collection objectives for which FBIS is responsible. The Intelligence Community and FBIS have determined that FBIS can respond fully to these objectives from sources available to you. FBIS performance will be evaluated on your selection and processing for these requirements. Components should read page 4 for the Community's assessment of our past performance which ranges from "invaluable" to "concern" over publication delays.

2. An "Official Use Only" version is included for use by nonstaff employees in the field and by JPRS contractors:

3. For easier field use, Liaison has marked the FOUO version to show which objectives are FBIS' responsibility. There is also an unclassified list of key personalities for monitor and contractor reference. The field does not need to keep this memorandum or the classified version of the collection plan.
