STAT

Dear Marcia:

I have the special pleasure in this holiday season to congratulate you on receiving a Special Achievement award. It was indeed quite an achievement to maintain such a high level of Mideast analysis after losing all but one of your branch's analysts. Your colleagues still talk about your feat of producing a timely on-the-target report while using a borrowed desk in Rosslyn during the move to Reston.

We wish you the best during your stay in Atlanta and look forward to your return. Enclosed is the certificate of your award and data on the deductions taken by Uncle Sam.

Sincerely,

STAT

Director
