STAT

Dear

STAT

During my last visit, we discussed the inputs from Ladd Shinn. In a follow up conversation I had with Ladd, he asked if you expected him to do anything other than wait. I told him that it was my understanding nothing additional was required of him pending MSA's passing a major decision point.

If the decision was favorable to MSA, either you or I would provide him with a definition of what was required.

If my assumption was incorrect, please let me know.

Very truly yours,
