- On 24 November, SDO personnel provided support and guidance for a MEDEVAC from the Headquarters compound. A staff employee arrived at the front entrance suffering from severe back pain and sharp pain in both of her legs. OMS and SDO personnel proceeded to the scene. After examining the employee, OMS requested that an ambulance be summoned. Fairfax County Fire and Rescue units arrived a short time later and transported the employee to Fairfax Hospital for further treatment. The SDO contacted the employees spouse concerning the MEDEVAC.

II. Critical Issues:

- 25X1
- On 28 September, DC/HSD and C/OSDO met with Computer Science Corporation personnel on the status of the enhancements of the PASS system. They have been divided into three phases with the first to be in effect on 31 December and the third by 1 June 1989.

III. Planned Activities:

- 25X1
- The reception area in the New Headquarters Building fourth floor entrance is now ready for occupancy. During the next two months Chief Reception Staff will be conducting a survey of visitors to that entrance. It is anticipated that the volume should reach a level sufficient to require a receptionist to man that area by the later part of January 1989.
 - PASS related difficulties have arisen with some badges created for the Receptionist Section in 1987, and discussions are being held with CSC and MARTEC representatives and the Receptionist Section to determine the causes of the difficulties, possible solutions, and current, and future ramifications.
