Intelligence Community Staff
Washington, DC 20505

STAT

Dear [Redacted]

STAT

With your concurrence we propose to appoint a seven person panel for the Intelligence Community Personnel Study from the attached list of twelve names. Since it will take time to form the panel and to obtain appropriate security clearances for them we would like to proceed as soon as possible.

If, in the process of forming the panel, we need to add to the list of names, we will be back in touch with you before we contact any additional persons.

Sincerely

Don Wortman
Advisor to the President
