SUBJECT : Qs and As from FBI (OCA 87-0939)

1. Attached is a proposed response to issue control number C005 in the 18 March 1987 request from Judge Webster. I have not prepared responses to issues with control numbers C001, C002, C008, C010, C012, and C013, which are minor variations of questions we worked on with you last week. I understand you have sent those responses to the FBI already, as well as relevant documentation (e.g., statutes, reporting procedures, etc.). These must have crossed in the mail.

2. I have sent a copy of the answer to #C005 to the DO as well, and I believe it will serve as a basis for their proposed answer to #C004.

3. Please let me know if you need further assistance.
