LEGISLATIVE LIAISON  
84-3171

Mr. Clair E. George  
Director  
Office of Legislative Liaison  
Central Intelligence Agency  
Langley, Virginia 20505

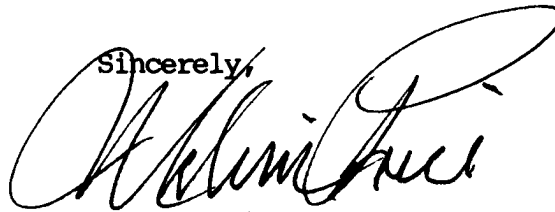

Dear Mr. George:

Several members of the committee have requested that the Central Intelligence Agency present a briefing on the subject of Soviet Anti-Ballistic Missile activities and their potential breakout capability.

The committee is seeking your agency's most current and complete assessment of Soviet ABM development, including information on Soviet research and development on directed energy weapons with potential ABM application. The committee members have specifically requested that the briefing be provided by Mr. Larry Gershwin, National Intelligence Officer for Strategic Programs.

Although it is my hope that the briefing can be scheduled in the weeks prior to the July District Work Period, the conference on the fiscal year 1985 Defense authorization bill is pending and your forbearance will be appreciated in arranging a convenient time.

I would appreciate it if you would contact the committee staff director, Mr. G. Kim Wincup, about the appropriate details.

Sincerely,  
  
Melvin Price  
Chairman
