	Executive Appearances
	The Director spoke in an off-the-record session at the Council on Foreign
	Relations on December 17. Members of the audience thought it was a
	"spectacular" evening and appreciated the Director's candor during the question and answer period. The Council members "were pleased about the way
	the Director handled the students and were impressed that he had visited a
	college campus." One guest said that "he appreciated hearing a leader of our government discuss his experiences in supporting our policy makers."
	Public Relations Unit
25X1	met on 22 December with Richard Ramsey, a policy analyst at
25X1	the Department of Interior, to discuss some ideas Ramsey had after hearing a panel discussion on Intelligence, in which participated, back in
207(1	October. As it turns out, Interior suffers a good deal more political
	pressure on some issues than we do, complicated by the great number of political appo <u>intees in</u> their system. Nevertheless, there are some
25X1	similarities. will be lecturing in January to students and faculty
0574	in the Public Policy Program Ramsey attended at the University of Michigan.
25X1 25X1	meeting with the <u>Director of OT&E</u> on 18 December led to an agreement to work more closely with OT&E's action officer for
20/(1	the officer-in-residence program. We have since heard that the Agency will
25X1	be offered an <u>officer-in-residence position</u> at Norwich University in Vermont for 1988-89. met on 22 December with Noel
	Firth, an officer-in-residence at Georgetown, to provide some materials Firth
25 X 1	could use in the classroom. We agreed to stay in touch with each other.
