NOTE FOR: Chairman, NIC

SUBJECT: Weekly Activity Report for the DCI/DDCI

Fritz:

Each new player reacts the same way you have to the Weekly Reports, but each time I have tried to do away with them, someone--Casey, Webster or (most recently) Gates--says that they like them. Casey read them avidly, they serve an educational purpose for Webster, and Gates uses them as a double-check for what's going on here.

I think your two-pager is about right. (We normally select one or two NIC items for inclusion in our weekly summary but send the complete package forward to the DCI.)

FROM: Fritz Ermarth
C/NIC

Dave Gries and I both feel that this report, itself much sharpened and shortened over what we used to provide, still does not deserve the attention of the DCI and the DDCI. Shouldn't we regroup and figure out what, if any, of this kind of thing they really need to know? We've talked to [redacted] about the DDI's report and find he feels the same way.
