MEMORANDUM FOR: The Director  
The Deputy Director

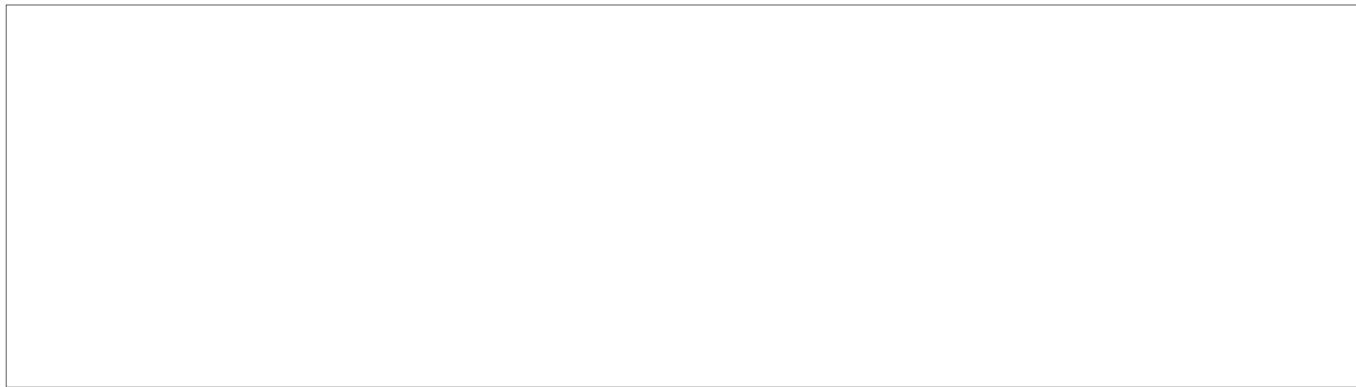

FROM: John L. Helgerson  
Director of Congressional Affairs

SUBJECT: Weekly Report

Statutory Inspector General: According to a number of congressional staffers, the Senate Governmental Affairs Committee intends to press for sequential referral of the intelligence authorization bill if, as expected, it contains provisions pertaining to the CIA Inspector General. It is the understanding of the Intelligence Committee staff that Governmental Affairs remains strongly committed to legislation requiring Government Accounting Office audit and a statutory Inspector General for the Agency. The Intelligence Committee remains strongly opposed to such a role for the Government Accounting Office, and it is possible that the potential involvement of the Governmental Affairs Committee may cause the Intelligence Committee to rethink its intention to include IG-related provisions in the authorization bill. Meanwhile, the Committee staff is finalizing language for a modified Inspector General that it will clear with Senator Specter before providing to the Agency.

DCI WEEKLY REPORT  
PUBLIC AFFAIRS OFFICE

Media Relations

I accompanied the DCI when he spoke before the White House Fellows Alumni Association on 5/5/88 and coordinated his appearance before the Washington Times Senior Editorial Board and reporting staff. That on-record conversation led to press coverage in the Washington Times 5/6 edition.

Other media activity included arranging pre-summit briefings for Time, Associated Press, Los Angeles Times and Newsweek; dealing with the Wall Street Journal and Newsweek on a story involving CIA Director Casey and Panamanian General Noriega.

Executive Appearances

The Director addressed a record turnout of 650 attorneys, judges, and spouses at the Bar Association of Metropolitan St. Louis (BAMSL) on Law Day, April 29th in St. Louis. The executive director of BAMSL reported that it was an "exceptional evening." He received "many favorable comments" from the attendees who "enjoyed the Director's speech." The evening also was the occasion for unveiling the DCI's portrait by artist Frank Szasz which will hang at the FBI Headquarters Building.

Public Relations Unit

STAT The DCI Program for Deans on 2 May was a great success, according to feedback from the Deans who attended. We have received some good suggestions which we will study for the next running in December 1988. [redacted] found his sessions in South Carolina--briefings to a group of business executives and a lecture at the Citadel--to be well received. Expanding our target audiences seems to be producing very positive results.

Outside Sampling

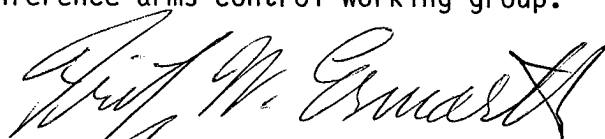

Marten van Heuven attended a meeting of the Study Group on US-European relations in the 1990s at the Council on Foreign Relations. The subject was David Calleo's recent article in Foreign Affairs on the burdensharing and his theme that the European allies should and could pick up some \$50 billion of the defense burden currently borne by the United States. The group was skeptical about this possibility; the point was made that even as the Europeans pick up additional defense burdens, this will not necessarily lighten the pressure on the US budget.
