General Counsel
88-02964

IN THE UNITED STATES DISTRICT COURT
FOR THE SOUTHERN DISTRICT OF TEXAS
HOUSTON DIVISION

JUN 30 1988

JOHN R. KNIGHT
Plaintiff

v. CIVIL ACTION NO. H-86-3766

UNITED STATES CENTRAL
INTELLIGENCE AGENCY,
Defendant

ORDER

Pending before the Court is Defendant's Motion for Summary Judgment and Plaintiff's Motion for Partial Summary Judgment. After considering the arguments and the applicable law, the Court is of the opinion that the Defendant's Motion for Summary Judgment is GRANTED and Plaintiff's Motion for Partial Summary Judgment is DENIED.

Plaintiff filed a Freedom of Information Act (FOIA) request seeking access to all documents relating to the sinking of the Greenpeace vessel "Rainbow Warrior" in the Harbor of Auckland, New Zealand. After being informed that no documents could be released to him, Plaintiff filed a Motion to Compel Preparation of a Vaughn Index. The Defendant filed a response by way of affidavits, which supplied justifications for withholding the finished intelligence documents in response to Plaintiff's FOIA request. Also, Defendant requested permission to prepare and present to the Court a classified declaration for court's ex parte in camera review which would contain further description of documents requested and would

enable the Court to determine if withholding of documents was proper. Magistrate Brown entered an order directing the CIA to prepare a classified supplemental Vaughn Index discussing the documents in Dyer Declaration for the Court's ex parte, in camera review. Defendant then filed a Motion for Summary Judgment alleging that the affidavits filed by Defendants are sufficient to entitle it to a judgment as a matter of law. Plaintiff then filed a Motion for Partial Summary Judgment alleging that the affidavits are insufficient to constitute an adequate Vaughn Index and Plaintiff is entitled to judgment as a matter of law because the FOIA exemptions claimed have not been properly invoked. The Court determined that the Saderholm and Dyer Declarations were inadequate, because they did not describe which documents were withheld and how they affected National Security. For those reasons, the Court reviewed the documents in camera to determine whether the information was properly withheld. After thoroughly reviewing the documents, the exemptions claimed, and the explanations for how National Security could be affected, the Court is of the opinion that such documents were properly withheld and that Plaintiff is not entitled to them. It is therefore,

ORDERED, ADJUDGED, and DECREED that Defendant's Motion for Summary Judgment is GRANTED and Plaintiff's Motion for Partial Summary Judgment is DENIED.

The Clerk shall file this Order and provide a true copy to counsel for all parties.

DONE at Houston, Texas this 30 day of ^{June} ~~May~~, 1988.
