MEMORANDUM FOR: Chief, Management Staff, DA
FROM: John M. Ray
Director of Logistics
SUBJECT: New Headquarters Building Pre-Move Survey
REFERENCE: Multiple Addressee Memo from C/MS/DDA, dated
7 Aug 87, Same Subject (DDA 87-1640)

1. In response to referent memorandum, attached are the Office of Logistics (OL) ADP inventory information (Attachment A) and the computer security plans (Attachment B), in connection with the New Headquarters Building Pre-Move Survey, as requested.

2. We prefer a weekend move of all OL components scheduled to relocate in the New Headquarters Building. OL is currently studying and planning for its reorganization; therefore, the ADP inventory and head count displayed in the attachments may change. This information will be updated after the reorganization takes place.

25X1 4. The senior office representative for OL is [redacted]
25X1 OL/IMSS, [redacted] If you have any
25X1 questions regarding the attached information, please call
[redacted]

25X1
2. PC System Administrator - Chief/REB,

3. Hardware Description - TEMPEST PC LAN consisting of the following equipment:

<u>QTY</u>	<u>ITEM</u>	<u>MODEL</u>
2ea	IBM TPC 4's, configuration 3B with dual internal removable cartridge disk drives, serial/parallel I/O adapter boards, 128K RAM expansion boards, and 80287 math co-processor boards	4459.
2ea	TEMPEST Enhanced 512 Macintosh PC's w/128K ROM & dual 800K disk drives, & TEMPEST Appletalk Transceivers S/N - 512K-70-2-87-0188	T5170-2
1ea	TEMPEST Laser Writer Plus S/N - 71-87-0129	T5171

4. Major Software -

IBM - Lotus 1-2-3, RBase 5000; Microsoft Word

Macintosh - Microsoft Word, File, Chart & Excel; MORE; Business Filevision; Fullpaint; MacDraw; MicroPlanner+

Foregoing includes word processing, database, spreadsheet, presentation graphics, and project planning software.

25X1
5. Purchase Method - All hardware and software is being purchased

6. Security Level - Information being processed on this system will range from unclassified up to collateral SECRET.

CONFIDENTIAL

CONFIDENTIAL

7. System Function - Preparation and analysis of financial data; word processing; preparation of briefing aids; maintenance of branch specific database information; report preparation.
- 25X1 8. System Location - REB/RECD - 2nd floor
9. External Interfaces - None - This equipment will be configured as a stand alone local area network.
10. Type of Storage Media - Storage media will consist of 800K floppy diskettes and removable hard disks which will be appropriately classified and secured.
11. Configuration Management/Maintenance Procedures - Overall system configuration management is the responsibility of the System Administrator. Any planned system expansion will be submitted to the OL ADP Task Force for review/approval. Equipment maintenance is the responsibility of the System Administrator. Repairs will be contracted for on an as needed basis.
- 25X1 12. Other Special Information - None

1	UNIVATION DUAL 10 MEG SLIMLINE	US1010-2R	1736

4. Purchase Method.

5. Classification. Secret

6. Users and Clearances. Members of the Headquarters Configuration Management Staff, working in FID on Headquarters Backfill, and other planning considerations, who are cleared (TS) staff as well as (TS) contract. Software purchased through the OIT Software Center dealing with Project Management and Word Processing etc..., will be utilized.

7. System Location. The PC will be located in a controlled area (vaulted room in GG04 Headquarters).

8. System Configuration. Stand-alone.

9. Type of Storage Media. Removable 1.2 MEG floppy drive with Univation dual 10 MEG external drive.

10. Other Information. Maintenance of the equipment will be taken care of by OIT. Users of this equipment will be aware of it's classified nature and it will be clearly marked on the equipment.
