MEMORANDUM FOR: Deputy Director for Administration

FROM: John M. Ray
Director of Logistics

SUBJECT: PCB Removal

STAT
STAT

1. For the last month, the Office of Logistics has been engaged in the removal of a PCB spill [redacted]. This costly and time consuming process is being conducted in accordance with EPA guidelines by Substation Test Company, a certified PCB removal contractor.

2. The cost to date has exceeded [redacted] and the project is still in progress. Since the recent budget reductions deleted all contingency funds from the Logistics budget, it is requested that [redacted] be made available to fund this unforeseen emergency.
