STATINTL

1. [redacted] Chief of PM, called to state that John Mitchell, Counsel of the Katyn Massacre Committee, had requested him to appear and discuss the G-2 aspects of this hearing with Mitchell. In view of the fact that [redacted] is still on active duty, I suggested that he talk with General Reber, L&LD, or Assistant Army Secretary Korth, who had been handling Katyn personally. I also suggested that [redacted] who had previously been questioned by Mitchell, might have some line on the questions which would be asked.
