1. Had a telephone conversation with Cong. Albert Thomas (D., Tex.) on the status of the application for employment of [redacted] retired lieutenant commander of the Navy. A separate memorandum report of this conversation has been sent to the Inspector General.

2. Had lunch with Sen. J. W. Fulbright (D., Ark.) and Mr. Wisner. Mr. Wisner reported to the Senator on his recent visit to Latin America, and there was considerable discussion of the educational exchange program and its possible expansion within certain Latin American countries, such as Argentina and Mexico. No CIA business was discussed with the Senator.
