INSTRUCTIONS

1. Answers to the questionnaire should be made to the committee in duplicate.

SUBMITTED BY THE

Select Committee of the House of Representatives

OF THE

**Created by House Resolution 561,

and Comparable Organizations**

STATEMENT AND INSTRUCTIONS

House Resolution 561 of the Eighty-second Congress, Second Session, authorized and directed the Select Committee created by the resolution "to conduct a full and complete investigation and study of educational and philanthropic foundations and other comparable organizations which are exempt from Federal income taxation to determine which such foundations and organizations are using their resources for purposes other than the purposes for which they were established, and especially to determine which such foundations and organizations are using their resources for un-American and subversive activities or for purposes not in the interest or tradition of the United States," and to report the results of its investigation and study by January 1, 1953, together with such recommendations as are, by the Committee, deemed advisable. The resolution invested the Committee with the power to compel the attendance of witnesses and the production of records by subpoena.

This questionnaire is submitted by the Committee to enable it to gather information pertinent to its investigation. The Committee expects that the questionnaire will supply in large part the data which can otherwise be obtained only by subpoenaing witnesses and records. You can assist the Committee by making full, frank, and direct answers to the questions herewith submitted to you and returning the questionnaire as quickly as possible in accordance with the following instructions:

1. Return TWO (2) copies of the completed questionnaire to the COMMITTEE ON FOUNDATIONS—104 HOUSE OFFICE BUILDING, WASHINGTON, D. C., WITHIN TEN DAYS AFTER RECEIPT.
2. Answers should be prepared so that they are carefully keyed to the section and question number of each section. No particular form other than reference to section and question number need be observed. However, in order to avoid confusion and expedite processing, it is requested that the answers to each section should begin on a page separate from those on which answers to another section have been given. In other words, when beginning answers to any section, please use a sheet of paper on which no other answers have been made.
3. The committee places a higher premium on clarity and substance than on style and form; on speed of completion rather than on niceties of phrase. Write as much or as little as is deemed necessary to answer the questions. The committee wishes your best thinking but will appreciate such brevity and compression as is consonant with clear exposition.
4. Please use one side only of regular 8½ by 11 letter-size paper for your answers, double-spaced and numbered serially at the top irrespective of section, with the name of your organization at the top of each page.

If you have any questions, you may communicate directly with Mr. Harold M. Keele, Counsel for the Committee, or with his staff, at the offices of the Committee—104 HOUSE OFFICE BUILDING, WASHINGTON, D. C.—Telephone NATIONAL 3120, Extensions 2243 and 2244.

E. E. Cox, M. C.
Chairman
