

CONFIDENTIAL*Office Memorandum* • UNITED STATES GOVERNMENT

TO : The Director

FROM : Assistant General Counsel

SUBJECT:

DATE: 1 April 1949

For your personal information, you may be interested to know that the Department of Justice has supplied an Assistant Attorney General as liaison officer to the Senate Judiciary Committee staff in an effort to cooperate with them. It is interesting to note that direct liaison with the FBI for the Committee is being channeled at that level rather than through Mr. Hoover's office.
