Khaletski, M. M. and Sukhorukov, B. I.
POLYMERIZATION OF METHYL METHACRYLATE
IN A STRONG CONSTANT ELECTRIC FIELD. [1961]
7p. (5 figs. omitted) 14 refs.
Order from OTS or SLA \$1.10 62-10979

Trans. of Russian language article from unidentified
source [1959].

DESCRIPTORS: *Acrylic resins, Polymerization, Elec-
tric fields, *Electrets, Electrical properties,
Infrared spectroscopy.

An electret was obtained during the polymerization of
methyl methacrylate in which there was shown, with an
accuracy of up to 1%, the absence of "frozen" orienta-
tion of polar groups. It was observed that in a vessel
with electrodes at strong constant voltage, polymeriza-
tion of methyl methacrylate proceeds more slowly than
in a similar vessel without voltage. It was shown that
