Savshin, Yu. G.
THE GEOGRAPHICAL ENVIRONMENT OF HUMAN SOCIETY. Dec. 65, 1965
 Order from "Geography in Soviet Geography: Review and Translation" (1-3-19)

Tran. of Geografiya i Khayativno (USSR) 1965, no. 10, p. 67-77. (Abstract available)

DESCRIPTORS: *Geography. *Ecology. Philosophy. Sociology.

The author argues for acceptance of the geographical environment as the basic object of study in geography. This environment is defined as nature that has undergone change as a result of man's activities. The author contends that some Soviet geographers still base their views on the dogmatic Stalinist definition of the geographical environment as the "environment surrounding man in external nature." According to (Earth Sciences--Geology, TT v. 11, no. 11) (over)

Trans. of Geografiya i Khozyaystvo (USSR) 1963, no. 12,
p. 78-87. (Abstract available)

DESCRIPTORS: *Geography, Philosophy.

The author defends V. A. Anuchin's efforts to develop
the theory of unity of geography based on Marxist-
Leninist philosophy. Konovaleko finds that Americans
are closely following the theoretical discussion in Soviet
geography because they, too, are supposedly searching
for a methodological foundation of a unified geography.
He holds that Soviet geography, by developing such a
theory on a Marxist basis, can win followers within the
