6. [redacted] Discussed with [redacted]  
[redacted] the information on PRESNA LATINA. [redacted]  
advised that although it is classified **SECRET**, Jay Sourwine, senate  
Internal Security Subcommittee, could be advised that the information  
could be used in any manner Sourwine wished so long as it was not  
attributed to CIA. With respect to publicity it was agreed that the  
most we should do would be to indicate to Sourwine that publicity  
resulting from hearings could be counter-productive simply because  
publicity also advertises.
