Don:

1. The Procurement Management Review (PMR) team completed its review of the Office of Communications Contract Branch (OC-CB) in March 1988. Its report, which is quite lengthy, includes general recommendations for improving the entire Agency procurement system and recommendations that specifically apply to OC. The Office of Logistics (OL) is reviewing those recommendations which will enhance the entire procurement system and will take appropriate actions. It is requested that you review and consider the attached recommendations which apply specifically to OC. [redacted]

2. The final draft of the full PMR report was reviewed with [redacted] Chief, CB-OC. I believe that, working together, OC-CB and OL can appreciably improve the procurement process while satisfying Federal procurement laws and still respond to OC requirements. [redacted]
