REFERENCE: Memo for DDO fm ExDir, dtd 7 Mar 88, Same Subject

1. The attached data, reflecting contracting activity for fiscal year (FY) 1988 for your respective component, is provided in support of the continuing effort to improve competition in Agency procurements.

2. A new procurement method coding system was implemented in FY 1988 to align this Agency with the rest of the Federal Government, and much of the dramatic increase in competitive awards must be attributed to this change. However, you are to be commended for your increased awareness of the need for competition and your participation in this effort which brought about a successful conclusion to FY 1988.

3. The Office of Logistics will continue to provide you with quarterly progress reports as they become available.
