

DIRECTOR OF CENTRAL INTELLIGENCE
Science and Technology Advisory Panel

2

17 DEC 1980

MEMORANDUM FOR:

[Redacted]

STAT

FROM: STAP Secretariat

SUBJECT: Request for Information

TITLE: DCI's Science and Technology Panel

FUNCTION: See attached.

ANNUAL COST: [Redacted] The precise amount varies from year to year because of inflation and the number of subjects that the Panel is asked to evaluate.

STAT

MEETINGS: The Panel meets once quarterly. Small subpanels may meet periodically to consider specific topics.

WHAT PRODUCED: Three finished products in 1980:

STIC 80-001, April 1980; Observations on CIA's Efforts in Developing Analytical Methodologies

STIC 80-002, Options for SAFE

STIC 80-003.IX, Report of the DCI's Science and Technology Advisory Panel

[Redacted]

(17 Dec 80)

STAT

SCIENCE AND TECHNOLOGY ADVISORY PANEL

Principal Functions

1. To recommend initiatives and introduce new thinking on ways to provide early warning of significant S&T developments.
2. To recommend new directions and emphases in S&T collection, processing, and production; as well as to recommend changes in allocations of resources, both manpower and money.
3. To serve as a quality control mechanism; an outside source for objective evaluation of national substantive S&T analysis.
4. To provide new linkages and interactions between the intelligence and non-intelligence communities.
5. To assist in interdisciplinary studies; particularly those broad or new subjects that do not fit neatly into existing structures.
6. To review evidence on existing S&T intelligence "enigmas" and to suggest avenues for solving these unknowns.
