MEMORANDUM FOR: Director of Information Technology
Director of Security

FROM: John M. Ray
Director of Logistics

SUBJECT: Representation on the OL Space Committee

1. As you will recall, we are charged with the responsibility of pulling together a strategic plan to cover the Agency's space needs over the long term. This plan will be presented to the DDA some time in the first part of June. It will also be presented to the Comptroller and the Executive Committee in the latter part of June or July. The OL Space Committee, chaired by [redacted] is preparing this strategic plan. There are several OL members of the Space Committee in addition to Bill.

2. It would be most useful if you were to designate an individual from your respective offices to serve on the committee to provide your input into the communications and the security factors to be incorporated into our plan. Would you please submit the name of your representative to [redacted] on extension [redacted].
