DIA Representative to SHAPE HQ
Mons, Belgium

Dear [Redacted]

STAT

I enjoyed your recent visit and discussion and feel quite certain that a close liaison between us can do important things in warning enhancement.

As a starter, I am enclosing some information about our National Warning Training Course that will get its first airing 18 - 22 June 1984.

Attachment 1 is a summary of functional areas that are addressed in the course and Attachment 2 is a more specific course schedule. They may be helpful in visualizing the course and evaluating its usefulness in some form for the NATO arena.

Looking forward to seeing you during travels through Europe.

Sincerely,

David Y. McManis
