Major General William Odom
DAMI
Room 2 E 466 Pentagon

Dear Bill,

Met last week with BGen Stubblebine just to bring him up to speed on the activities of my office. Not surprisingly I found him very responsive and supportive. Of course, I do have one of his O5's attached to the National Warning Staff, so he should be interested. But even beyond that, a number of the initiatives that are underway here are directly related to their formulation of intelligence support to Echelon Above Corps in Europe. Because of that, and the fact that your own plate is overflowing, I thought that you might want to consider making General Stubblebine the Army representative to the Warning Working Group. I have said nothing to the General about this but would be happy to raise it with him.

Sincerely,

David Y. McManis
National Intelligence Officer for Warning
