MEMORANDUM FOR NFIB PRINCIPALS

FROM : John N. McMahon  
Acting Vice Chairman

SUBJECT: Reports Required by the Congress from  
Intelligence Organizations

25X1 1.  The President has asked the Director of Central Intelligence to advise him as to any standing requirements on elements of the Intelligence Community for the submission of reports to the Congress, the preparation and forwarding of which poses particular problems or the continued need for which may be subject to question.

25X1 2.  As the basis for his report to the President, the Director requests that each entity of the Community provide him with a listing of all standing requirements against which it reports to the Congress, along with an identification of any items on the list which an NFIB Principal considers should be invited to the attention of the President. For each report so identified, a brief description should be provided as to why the report is considered to have limited utility or why its submission poses problems.

25X1 3.  A negative reply is requested from each organization that determines it has no standing requirements to report to the Congress.

25X1 4.  It is requested the report from each Principal be provided to the NFIB Secretariat no later than close of business, 29 July 1977.

Thank you for sending a copy of the Committee report on the National Intelligence Estimates process as reflected in the NIE Team B experiment, under cover of your 24 May letter.

I believe that your Committee's comments and insights regarding this effort will be most helpful to our analysts in developing estimates which are both accurate and responsive to the needs of the users. I can assure you that we are giving them very careful consideration.

I am particularly gratified by the cooperative spirit displayed by the Committee in permitting us to comment on the draft report and in its consideration of our suggestions.

Yours,

Bob Bowie,

I thought that you would find the attached letter from the President to Senator Inouye to be of some interest. I have not provided a copy of this to Stan Turner but feel free to do so if you think he might be interested in it as well. I would not be surprised if the President raised it with him in the near future.
