

25 July 1977

MEMORANDUM FOR: George Cary
Legislative Counsel

FROM:
Executive Officer, DCI/NI

SUBJECT: Granting Access by Messrs. Pipes, Nitze, and Graham
to the SSCI A Team-B Team Report

Mr. Bowie's reaction upon reading Senator Inouye's letter to Admiral Turner was that we might suggest to the committee that the problem of allowing these three men access to this particular classified document might be eased by an offer to grant them instead access to the unclassified version which is the document, after all, that will be in the public domain and the one that will affect their reputations.
