MEMORANDUM FOR: USIB Principals
SUBJECT : Annual DCI Report on the Intelligence
Community
REFERENCE : PFIAB Memo, "Annual Reports to the PFIAB,"
dated 8 May 1974

1. As was the case last year, in accordance with the referenced PFIAB memorandum, the DCI will submit a single integrated annual report to the PFIAB providing an overview of trends and developments in the Intelligence Community during FY 1975 and including as appendices the inputs prepared by each major element of the Intelligence Community. The annual report will be short and concise, about 20 pages in length. It will be submitted to the PFIAB about 1 October.

2. Each USIB Principal is invited to submit a separate appendix, preferably not more than ten single-spaced, letter sized pages in length. This limitation can be relaxed if a particular organization considers that it needs a somewhat longer report to present its information adequately. It is requested that each contribution include an executive summary of not more than two or three pages which highlights the content of the report.

3. It is suggested the title of each appendix be "(Title of Organization) Appendix to the Annual DCI Report on the Intelligence Community, Fiscal Year 1975."

4. Each summation should utilize the following general outline:

- I. Important Accomplishments in FY 1975
 - A. Performance Against Objectives
 - B. Performance by Function
- II. Major Changes During the Year
 - A. Changes in Mission and Responsibilities
 - B. Changes in Organizational Structure
 - C. Changes in Management
- III. Significant Problems and Issues

(Attention should be given to the identification of pertinent Community problems as well as internal problems of the reporting organization. This section affords an opportunity to highlight unresolved issues which have an impact on the effective functioning of both the Community and the reporting organization.)

- IV. Future Requirements and Plans

(Organizations involved in intelligence production should give particular attention to planned improvements in the development of substantive products for intelligence consumers.)

5. It is requested that reports from the individual organizations reach my office before 1 September.

6. The Intelligence Community Staff will draft the DCI report, to which the individual agency reports will be appendices. is the project officer and should be contacted for

DCI Perspectives for Intelligence

The drafts of Part I - Major World Problems, and Part II - The Role of Intelligence, are being reviewed and put in final form. Copies of these drafts have been provided the ICS which will utilize them in preparation of Part III - Implications for Intelligence Planning. A new experimental section, Part IV - A Twenty-Five Year Look Ahead (1976-2000), has been drafted and is also being reviewed. Copies of the final drafts should be available in the very near future.
