Dear Mr. Mendenhall:

ILLEGIB

**Honorable Raymond Blattenberger, GPO, Washington 25, D. C.**

d. All other printing equipment now in the plant which has been procured by the Government Printing Office shall be transferred to the Central Intelligence Agency and the Central Intelligence Agency shall reimburse the Government Printing Office in the amount representing the cost to the Government Printing Office less depreciation to January 1, 1957. A list of such equipment showing the reimbursement price of each piece of equipment has been jointly prepared and is attached hereto as Annex C.

e. All supplies, replacement parts, etc. (except those furnished by the Central Intelligence Agency), which the plant may have on hand or on order as of the effective date of the transfer shall be acquired by the Central Intelligence Agency at a price representing cost to the Government Printing Office.

f. The Central Intelligence Agency shall provide classified printing at cost to the Atomic Energy Commission, the State Department, and any other agency which heretofore has used the subject plant for classified printing to the extent that such service may have been previously furnished by the Government Printing Office. The Atomic Energy Commission and the State Department have been apprised of this proposed transfer and have interposed no objection thereto. The subject printing plant shall not perform any unclassified printing for the Central Intelligence Agency or for any other Government Agency, except upon waiver issued by the Government Printing Office, while operating in its present location. When the plant is merged with the Central Intelligence Agency's facilities in a single location no unclassified printing shall be performed by this printing plant except that type of printing which would normally be produced in a Government duplicating plant.

Prior to the effective date of this transfer the Government Printing Office and the Central Intelligence Agency shall jointly prepare a list of personnel desiring to transfer to the Central Intelligence Agency.**

**i. The Central Intelligence Agency shall be responsible for obtaining personnel to replace those Government Printing Office employees who may elect not to transfer to and become employees of the Central Intelligence Agency. However, the Government Printing Office will, on requisition by the Central Intelligence Agency, detail for a period not to exceed six months and at their prevailing salary, such personnel as may be required until replacement personnel can be recruited, cleared, and entered on duty.**

**j. Upon the effective date of this transfer the Central Intelligence Agency shall have exclusive operating control of the printing plant.**

**k. The Central Intelligence Agency shall be responsible for obtaining agreement with the Atomic Energy Commission regarding clearance of Central Intelligence Agency personnel assigned to do the Atomic Energy Commission's classified printing referred to in paragraph f. above.**

**The Central Intelligence Agency is anxious to assure the transfer of this printing function with the least possible inconvenience to all concerned. To this end, I assure you that**

Honorable Raymond Mattenberger, GPO, Washington 25, D. C.

we will cooperate with the customer agencies and the Government Printing Office to the fullest extent. This facility will therefore be available to the Government Printing Office for printing highly classified work for which your main plant may not be equipped. Further, this Agency intends to continue to rely on the Government Printing Office for its unclassified printing and for paper and supplies used in our printing facilities.

Sincerely,

STAT

Dear [Redacted]

STAT

In response to a telephone request from [Redacted] on October 16, 1984, the following information is provided regarding the 1984 wage increases for GPO's bargaining unit employees.

STAT

The wage increase for June 18, 1984, was based on the percentage increase in the CPI-W for March 1983 to March 1984 with a cap of 5 percent.

In February 1984, the Bureau of Labor Statistics corrected the 1983 CPI-W figures, which had been incorrectly reported. On the basis of the revised 1983 CPI-W, the wage increase due blue collar employees for June 18, 1983, should have been 1.85 percent, not the 1.64 percent which they received. Using the corrected CPI-W figures, the wage increase for June 18, 1984, was 4.62 percent of the revised base rate from June 1983 to June 1984.

The revision by the BLS resulted in the June 1983 to June 1984 rates being approximately 3 cents less than they should have been for most of the crafts. In order to correct this inadvertent pay rate, a one-time lump sum back paycheck was issued to bargaining unit employees. The lump sum amounts were predicated on the loss of 2, 3, or 4 cents, depending on the craft, times 2,080 hours plus 12 percent for loss in estimated overtime earnings. The base lump sum rates were as follows:

Compositors and Related Crafts	\$62.40
Offset Strippers and Platemaker Strippers	62.40
Bookbinders	62.40
Cylinder and Offset Pressmen	62.40
Offset Photographers	83.20
Printing Plant Workers	41.60
Journeyman Bindery Workers	41.60

With the addition of the 12 percent premium for estimated overtime, the amounts were as follows:

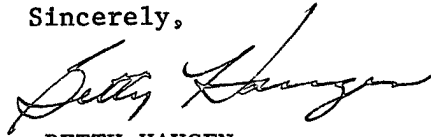

Compositors and Related Crafts	\$69.89
Offset Strippers and Platemaker Strippers	69.89
Bookbinders	69.89
Cylinder and Offset Pressmen	69.89
Offset Photographers	93.19
Printing Plant Workers	46.60
Journeyman Bindery Workers	46.60

The affected employees received lump sum checks in the amounts indicated above, minus appropriate deductions.

Employees who left their positions or the GPO between June 18, 1983 and June 18, 1984, were paid the appropriate pro rata amount of back pay due to their former craft upon written request.

If you have any questions regarding the above information, please contact me at 275-2654.

Sincerely,

BETTY HAUGEN  
Chief, Position Management Branch

Enclosure:  
Wage Change Notices

May 30, 1984

To: GPO Union Members  
From: Joint Bargaining Committee of GPO Unions  
Subject: 1984-85 Wage Increase

The Joint Bargaining Committee met with management today and came to an agreement on the June 18, 1984 wage increase. A problem arose due to the fact that the Bureau of Labor Statistics readjusted their original figure sometime after January 1983. This readjustment increased the percentage rate for the June 18, 1983 increase from 1.64% to 1.85%.

Management agreed to compute the June 18, 1984, rate at the higher base. For JBW's and PPW's the base would increase 2 cents; Offset Photographers 4 cents; and Compositors and all other JBC employees 3 cents. The percentage rate will be 4.62% of the higher base rather than 4.7% of the lower base.

Management also agreed to issue separate back pay checks. This back pay will be computed at 2,080 hours plus an average overtime rate worked in the JBC bargaining units of 8%. For JBW's and PPW's the check will be 46.60; for Offset Photographers 93.19 and Compositors and all other JBC employees 69.89. Minus taxes and retirement deductions.

The increase due June 18, 1984 are as follows:

Compositors.....	\$16.07
Offset Strippers & Plate Strippers.....	16.62
Bookbinders.....	15.79
Cylinder Pressmen.....	16.62
Offset Pressmen.....	16.62
Offset Photographers.....	17.00
Bindery Workers.....	10.12
Printing Plant Worker.....	9.20

With appropriate differentials.

There will be a special claim form for anyone that has left the bargaining units or retired between June 1983 and June 1984, for back pay.

We find this settlement to be fair and equitable to both parties involved.

Fraternally,

Government Printing Office • N. Capitol & H Streets • Washington, D.C. 20401
