Plots:

25X1
1. Mr. Lundahl and [Redacted] displayed and described the plot of the first mission based on raw materials received.

2. It was agreed that HTAUTOMAT would provide a copy of each mission plot and of each cumulative plot as produced to the TCO of each participating agency as follows:

- | | |
|---------|-------------|
| G-2 - 1 | CIA/ORR - 1 |
| ONI - 1 | CIA/OSI - 2 |
| AF - 1 | [Redacted] |
| NSA - 1 | CIA/OCI - 1 |

25X1

TOTAL 8

3. It was also understood that problems which HTAUTOMAT may face in carrying out the above, such as manpower or expense, may require reconsideration of this plan after some experience has been gained.

4. The chair stated, in response to a question, that a copy of the preliminary plot provided to Operations from the field is made immediately available to the [redacted]

25X1

25X1

[redacted]

Liaison Arrangements for [redacted]

25X1

6. Col. Bagley stated that G-2 felt there was a need for liaison arrangements with [redacted] comparable to those for HTAUTOMAT, Col. Macia agreed to call this to the attention of Col. Richmond. The Chair agreed that such arrangements as were worked out, if possible, by Col. Richmond and [redacted] would then be formally notified to the members as had been done previously for HTAUTOMAT.

25X1
25X1

HTAUTOMAT:

7. In discussion of schedules for handling of photography the following points were made.

a. Generally, it will be at least five days from completion of a mission until HTAUTOMAT receives its materials.

b. The tracker print will be available in AUTOMAT to participating agencies liaison officers.

c. Photo Interpreters from Army, Navy and Air Force may be assigned to new AUTOMAT Office as of 10 July.
