MEMORANDUM FOR: Colonel James H. Macia, Jr., AFCEM  
SUBJECT : Sanitization of Middle East Reports  
REFERENCE : TM-1113-8, 2 June 1958 (ICS-3287-58)

1. There is no objection to authorizing USAFE to dispatch sanitized ERPIC reports on the Middle East directly from USAFE to certain Army agencies in Europe provided the conditions indicated below are met. These same conditions would apply insofar as USAFE should have a similar request from the Army.

2. The conditions for transmittal are as follows:

a. The report should begin as follows:

"The following information is reliable as of (date) . It is classified TOP SECRET WFOURN and may be disseminated in its present form only to those who have a critical need in keeping with authorized functions."

b. Transmission will be over SMO channels TOP SECRET WFOURN into TALENT centers of the following Army agencies:

- 1) AFSE, Naples.
- 2) ALPHE, Turkey.
- 3) SHAFE, Paris.
- 4) HUGH, Paris.
- 5) SHYAF, Verona, Italy.
- 6) USARRAN, Heidelberg.

By copy of this memorandum, the Army is requested to inform USARRAN and thereafter the agencies listed the true source so that upon receipt of the sanitized TOP SECRET WFOURN message TALENT-cleared authorities may be able to judge reliability.

c. Sanitization of the text shall give no clue as to source possibly being overflight.

d. It is, of course, understood that the foregoing does not relate to the transmission of photographs.

3. I have learned from Colonel Dobbie of the Army that dissemination at present of sanitized URFIC reports received from USARMM are handled strictly on a need to know basis in lateral commands.

4. This office should be informed prior to any lateral dissemination to additional commands than those listed in paragraph 2 h above.
