Dear Mr McEachin *Doug*

Mr [] excellent presentation on prospects for US-Soviet conventional forces negotiations and the extra effort it took to fit us into his crowded schedule were very much appreciated. The presentation was very worthwhile. As [] observed from the attendance and from the lively discussion that followed, this is a timely topic for us. His remarks touched on a number of issues we have been following closely. We are eagerly looking forward to the key judgements and the published SNIE. Please pass on my personal thanks to []
