LOGNOTE -- Chief, Operations Group, 9 October 1984

1. (Williams) CRW, on contract with SDS, will be moving out to the field next month in two teams to begin training our personnel in use of the PC's. Prior to the field visits CRW would like to test the training program here (probably at their facility in Alexandria, which is very well equipped for the task). I have asked DRD, MOD, ED and LRB to take part. It will be part-time training, in deference to DRD's hours, and will run from 22 October through 2 November. Participants should be prepared to provide evaluation for the program as well as gaining a personal training experience.

(cc: C/E&PS, C/LRB, C/DRD, C/MOD, C/ED, SDS/Engle)
