LOGNOTE -- Chief, Operations Group, 23 May 1984

- 1. [redacted] I called Hugh Montgomery, D/INR, about [redacted] query on documentation for Thai approval for the establishment of Bangkok Bureau. It seemed to tickle his funny bone that all we had on file was a June 1966 [redacted] cable saying [redacted]

[redacted] He said he would check with the Bureau of East Asian and South Pacific Affairs to see whether there was anything on file to indicate approval had been sought and received. If not, we will have to ask Art to see what can be done post-facto to get some authority from the Thai Foreign Ministry, which [redacted] seems to think would be no problem.
