98 vladlen mikhaylov on state of liberia's economy, noting
country's debts to western creditors, maintaining that granting of
loans and credits on servitude conditions is one of most widespread
methods of subordinating developing african countries to econ and
political interests of impist powers, specifically this is seen
from example of liberia, giving details on how u. s. enmeshed
country in financial agmts on loans and credits to extent that
u. s. was able to control all aspects of country's econ, finances,
military matters, foreign policy, and culture and justice. (4
