100 anon on cancellation of president reagan's proposed visit to se asia, criticizing that cancellation has nothing to do with u.s. congress sessions as claimed by reagan, but due to mounting anti-u.s. sentiments in philippines, citing recent anti-u.s. demos and strike by some 20,000 filipino workers at u.s. bases in that country, claiming that purpose of reagan's visit was to further strengthen u.s. influence in asean policy, says that cancellation of his visit is seen as defeat of washington diplomacy and as persona non grata for reagan by so-called u.s. trusted allies and partners.
