proposal

36 "europe, is there a threat?" program acquainting listeners

with soviet stand concerning nuclear weapons and european security.

today's speakers are prof vadim sobakin, lev semeyko and

historian dr daniel proektor with nikolay borin as moderator:

refer to deadline for proposed deployment of new american mediumrange

nuclear missiles and chances to reach agmt at geneva, argue

that talks can bring results only if usa at last recognizes and

complies with principle of equality and equql security, and

that there can be no agmt for as long as usa is committed to its

one-sided approach. warsaw treaty countries have given wrning

that if proposed deployment goes ahead they will have to respond

with appropriate action to protect their security and preserve

parity of forces. new round of arms race will be much more

dangerous. (7 min: enguk 2000)

USSR  
New Zealand

it is ofen said in west that soviets speak too much of last war and advise they should forget about it. one of man who heads soviet war veterans cmtee retired general (aleksey gorlinskiy) was asked if we can forget and ought we forget. he replied that we must speak about war os that ppl would realize immensity of price paid for peaceful life they enjoy today. on current state of soviet-usa relations, he said it was not fault of soviet side that good relations formed by ussr and usa during wwii had deteriorated. they wanted to beleive mutual understanding and coop btwn two nations would triumph, whether reagan admin liked it or not (4.5 min).
