JUSTIFICATION:

These communications requirements will provide NPIC personnel with increased support in two categories. The first category provides the NPIC analyst and the data intelligence analyst with critical data base and electronic message handling information through SAFE, CAMS, FLASHBOARD, and DESIST Systems.

The second category provides NPIC personnel with computer support functions by accessing the corporate system (i.e., Finance, Logistics, Personnel, Contracts, etc.)

TIME REQUIREMENT:

80 circuits activated evenly during the entire fiscal year.

IMPACT OF LACK OF SERVICE ON OTHER PROGRAMS:

NPIC will not be able to have sufficient access to Headquarters based intelligence data bases and will be unable to fully coordinate with DI analysts.
