REMARKS

Sir: Thought the attached would be of interest for your info, and would ask you pass it on to LTC Severson for his files. Looks like negative forces are slowly but surely prevailing, and we may lose the whole program in the near future. Too bad if that happens as I sincerely believe it would be a blow to our national security interests. So much for the enlightened 20th Century. I'll keep you posted as we struggle along. For sure R&D side is finished, per direction of USDRE. Applications, I fear, is next. Cheers.
