SUBJECT: DoD Program on Remote Viewing (S/ORCON)

1. (S/ORCON) Enclosed for your information are the minutes of a meeting held in Dr. Vorona's office on 24 August 1978, the primary intent of which was to establish a program in remote viewing for intelligence purposes. Current requirements and funding are uncoordinated; however, a unified DoD/Services program would significantly improve the efficiency of the U.S. effort, reduce redundant research and make results available equally to the DoD and Services.

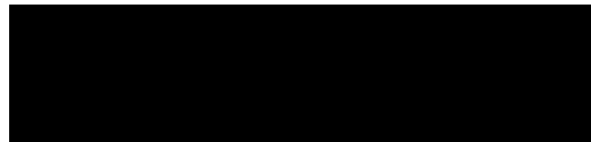

2. (U) Copies of the minutes have been sent to the ACSI's of the respective Services and their comments have been solicited. Should you wish to comment on the minutes or make any suggestions regarding the program, please forward them to DT-1A/ATTN: [REDACTED]

SG1J

3. (U) Please note the extremely sensitive nature of the program and maintain strict personal control of all documents transmitted to you.
